Since 2003, Scootertech Limited have manufactured premium mobility scooters for the UK and EU markets. All our mobility scooters use industry renowned Twin Motor Technology, offering the ultimate in robust and reliable performance. The HillClimber EXTREME is expertly engineered, conforming to the very latest and most rigorous medical device safety testing standards to date. Scootertech were one of the first manufacturers to supply vehicles with an additional emergency braking system, now a legal requirement for all new models of mobility scooters within the EU. The HillClimber EXTREME is a carefully developed, high quality product which is capable of longer distances and daily use. It is one of the most popular vehicles in our range, quickly becoming a firm favourite with end users and dealers alike.

All our vehicles have ABS colour-through plastics which won't chip or peel and are easy to maintain, and the control panels are responsive and easy to use. The HillClimber EXTREME has both front and rear suspension, providing smooth, responsive and comfortable journeys on rougher terrain. Upgrade Packages are also available, including **Manufacturer Deal:** a full 2 Year Warranty (includes 1 Year FREE Insurance & Breakdown Cover for peace of mind), and **Lithium Ion Power:** a conversion to go the extra distance.

The HillClimber EXTREME has convenient multi-adjustable steering, warm feel levers, front & rear suspension, powerful motors and gearboxes. The HillClimber EXTREME provides plenty of legroom and has quality carpets and fittings, the standard for all our vehicles.

The HillClimber EXTREME offers additional extras to compliment your lifestyle - front baskets & holders, rear trolley baskets, crutch holders, for example.

This rougher terrain mobility scooter is built to the highest standards for both safety and longevity, providing reliable transportation for years to come for your **LIFE Without Limits.**
