Trydan

NON-MOBILITY
ELECTRIC LEISURE VEHICLE

*used at tourist & leisure attractions,
hospitals and private estates nationwide*

LUXURY ELECTRIC VEHICLE

Getting out and about can be difficult if both companions are disabled. The TRYDAN electric leisure vehicle enables 2 people to travel together.

With all the features of our convenient, safe & reliable electric vehicles, the TRYDAN is a popular mode of transport for two travelling companions to share their leisure time together.

ABS colour-through plastics, warm feel levers and easy to use control panel, front & rear suspension, adjustable seating and plenty of legroom are just some of it's many useful features.

Trydan is NOT a medical device/mobility scooter - it is a leisure vehicle designed for two people and it's Primary Use is on privately owned land (other areas subject to the express permission of local authority and/or landowner only). VAT is chargeable at point of sale at the current rate - Recognised by & registrable with DVLA - Insurance available
